

MISSOURI State News

Jefferson City.—Missouri farm prices during September showed some tendency to decline, and the movement of farm crops was greatly interfered with by the railroad situation, also shipments of perishable fruits was very difficult and unsatisfactory prices were offered, according to E. A. Logan and Jewell Mayes of the Federal State Crop Reporting Service. Of the 46 products on which prices were secured for both August and September, 10 remained the same and 16 advanced. Beef cut-34, vealers and sheep advanced, but hogs and lambs were down, as were horses and mules. Corn, wheat and oats held their own, and rye was up sharply, with the tendency downward in hay, except prairie hay. In dairy and poultry products all remained the same or advanced, with eggs making the best gain. Seeds were quite evenly divided, with clover seed and soy beans downward, but cotton seed and timothy seed were upward. All fruit declined, with beans and cabbage upward; but melons, potatoes and tomatoes were down. Of miscellaneous products, cornmeal made a good gain, but tobacco was off, while other products remained about the same.

Jefferson City.—The engineers of the State Highway Department received 108 bids for the construction of 110 miles of primary highway in 23 counties. In addition, there were 20 combination bids where two or more new projects were combined in one bid. In only two counties, and on small contracts, were there single bids. The Constitutional Convention had surrendered the use of the hall of the House of Representatives for the accommodation of the road people. The improvements are estimated by the engineers to cost approximately \$2,000,000. This will be the first money expended from the \$80,000,000 issue of state bonds for better highways.

Warsaw.—Chambers Buckley, 70 years old, and his son, Earl, 39 years old, are in custody here charged with the murder of Alfred E. Lutman, a reclusive farmer living near Hastain, 16 miles southeast of Warsaw. Claud Estes, 18 years old, was arrested and has signed a confession, according to the police, stating he was hired by the two Buckleys to commit the murder for \$25. Lutman was killed by being shot in the back twice and in the head with a .32 caliber revolver, about June 17. His body was found in a thicket on his farm four weeks later.

Jefferson City.—Harold Findlay, the 6-year-old son of O. R. Findlay, a Missouri Pacific brakeman, of this city, was instantly killed in an automobile accident near the Country Club, five miles southwest of this place. The boy, his mother and a younger brother and Miss Margaret Stampfl, the latest but 16 years old, were taking a ride. The machine was turned completely over and the boy was caught under it and crushed before assistance arrived.

Columbia.—The twentieth annual state corn show will be held here under the direction of the Missouri Corn Growers' Association during Farmers' Week at the College of Agriculture, January 15 to 19. Nine beautiful trophies will be awarded. Two gold watches and three gold medals will be given as sweepstakes and champion premiums. In addition to these 333 other premiums will be awarded.

Jefferson City.—Morphine and cocaine enough for probably 100,000 "shots" of the average size obtained by convict addicts and valued at between \$15,000 and \$25,000 at the prices obtained by prisoner peddlers, has been confiscated in or near the Missouri penitentiary within the last year by Warden Hill and his assistants. It became known.

Monett.—M. E. Gilliox of this city has been awarded the contract for surveying three miles of road in Hickory county, running out of Hermitage, on a bid of \$30,048.90. Gilliox has road contracts in this division of the State Highway Department of \$190,000.

Buncion.—City officials here have announced that engineers will be brought here soon to make an estimate of the cost of the construction of a waterworks system in Buncion. It is estimated that the cost will be about \$35,000.

Montgomery City.—Sheriff Frank Haight raided a fifteen-gallon capacity still on the John A. Smith farm, six miles northwest from here. Haight found fifty gallons of mash and one gallon of whiskey. Smith is in his custody.

Steele.—R. L. Woods, who was arrested here several days ago for having a "moonshine" still in his possession, was given a preliminary trial before a justice of the peace and fined \$500 and given six months in jail.

Jefferson City.—Governor Hyde has appointed the following delegates to the annual convention and exposition of mines at Cleveland, Ohio, October 9 to 14: Arthur Thatcher, W. K. Kavanaugh and J. E. Young of St. Louis; A. M. Bendelari, Joplin; C. T. Orr, Webb City; John Howard, Kansas City; State Geologist; H. A. Baehler, Holla.

Cape Girardeau.—The general store and post office at Dutchman, nine miles south of here, was broken into and robbed of \$275 in merchandise and parcel post packages. Fifteen dollars in pennies also was taken.

Steele.—Ed Stout, a farmer living about two miles north of Steele, was run down and probably fatally injured by unknown parties in an automobile bearing an Arkansas license. Stout was carried to his home, and the parties in the car, pretending to go for medical aid, disappeared.

Pepper Bluff.—Violet Green, 17 years old, a laundry worker, is in a critical condition following an attempt to take her life by swallowing poison. No reason can be ascertained from her why she committed the act other than that she was tired of living.

Kansas City.—Dwight R. Brown, of the Poplar Bluff American, was served president of the Missouri Press Association at the concluding session of the fifty-sixth anniversary meeting here. The other new officers are: E. Lane Ray, St. Louis Globe-Democrat, vice-president; Miss Anna N. Nolen, Monroe City News, secretary; H. R. Spencer, Princeton Telegraph, treasurer; Barney Finn, Sarco, secretary; Harry Denman, Farmington; Jack Blanton, Paris; Charles Fear, Jefferson City; J. F. Hall, Maryville, and C. L. Hobart, Holden, directors. J. B. Hubbard of Columbia will be retained as salaried executive secretary, according to members of the board of directors.

Jefferson City.—The picking and packing of winter apples in Missouri's orchards has begun here, according to Arthur T. Nelson, State Marketing Commissioner, and will stop November 5. Hundreds of persons will be employed by the seventy-six largest orchard owners and the numerous others, who, by virtue of their smaller production, have not come directly to the attention of the commissioner. The pickers gather from 40 to 75 bushels a day, according to their skill and zeal.

Cape Girardeau.—Police officials were searching for a man who represented himself as a live-stock dealer and muleted J. T. McClure, of McClure, Ill., out of \$1,926. After calling upon McClure, the stranger asked him "to sign your name in this book," which appeared to be a note book but later was discovered to have been a check book. McClure signed his name at the top of a page, making it appear as an endorsement.

Carthage.—Early Brothers of Aurora, who have the contract for grading the Avilla road for a distance of 6½ miles west from the east line of the county, have made arrangements with the Cartwright Construction Company to have the latter firm complete the job. The Early Company will complete grading two miles before giving up the job.

Springfield.—A carload of eggs was shipped from this city to Cuba. The car contained 400 cases of eggs. Each case contained 30 dozen eggs, making a total of 144,000 for the shipment. A large amount of produce and dairy products are sent from here to Cuba during the course of a year.

Birch Tree.—The Birch Tree Canning Factory has just completed its run of tomato canning and J. F. Finch, manager, reports that 60,000 cans of tomatoes were canned. Tomato packing was more successful than anticipated and the crop was almost normal despite the dry weather.

Springfield.—Part of the structural steel to be used in the construction of the new \$200,000 building at the Springfield State Teachers' College has arrived and work will be resumed on the building at once. Work has been delayed two months because of the shortage of materials.

Ava.—All bids on the 4.5 miles of state road between Squires and the Ozark county line have been rejected by District Engineer J. H. Long. J. L. Moss of Auxvasse, Mo., made the lowest bid, his figures being \$15,900.02, and they were \$3,871 above the engineer's estimate.

Cape Girardeau.—The total liabilities of the bankrupt Jackson Printing Company, former publishers of the Morning Sun of this city and the Cash Book at Jackson, amount to \$37,016.81, according to the schedule filed in Federal court here. The assets were listed at \$4,853.77.

Lowry City.—The Home Oil & Gas Company has been organized here to prospect for oil and at present almost 10,000 acres of oil land is under lease. The land lies between Lowry City and the Mt. Zion community. Dyer Brothers, of Wagoner, Okla., will put down the test.

Cameron.—The city council has awarded the contract for paving on Walnut street to the Cook-O'Brien Construction Company on a bid of \$15,823.80 for a 26-foot paving from Third to Eighth street, and \$2,578.70 for extra width between Third and Fourth streets.

Columbia.—The Christian Church of this city is planning to erect a new church soon, and committees are at work on the project. The increase of student members at colleges and University of Missouri in this city has made the step necessary.

Jefferson City.—Governor Hyde has honored a requisition from the governor of Kansas for the return to Pleasanton of Eugene Miller, who, with a companion, is charged with having burglarized a hardware store December 3.

Springfield.—Two members of a family were killed and another was seriously injured as a result of an accident near here when a Frisco freight train hit an automobile. Tom Elson and wife were killed instantly.

Maryville.—The twenty-first annual show of the Northwest Missouri Poultry Association will be held in Maryville, December 5, 6, 7 and 8. Adam Thompson, of Amity, has been secured as judge of the show.

Gulfport.—The contract to dig the Platte River drainage ditch has been awarded to Briggs & Drew of Omaha, Neb. The firm will get material here to be ready to begin on the job the first of the year, and expects to have the ditch finished by the first of next August.

Cape Girardeau.—Lloyd Erwin and Noble Nichols, youths of Farnett, were sentenced to three years in the State Reformatory by Judge Frank Kelly in Circuit Court at Jackson. They were charged with the theft of an automobile.

The visitor received \$25 in cash and cashiers' checks for the check amounting to \$1,925, at the Bank of McClure. He obtained \$500 traveling check and a secretary's check for \$500 from the Southwest Missouri Trust Company here. When it was discovered that the stranger had not endorsed the check at McClure, an investigation was started. The man had disappeared.

Redalia.—Several old employees of the Missouri, Kansas & Texas shops, who have been out on strike since the first of July, have returned to work.

You Can Get Back Your Grip on Health

Persons suffering from stomach trouble and who are under weight find an ever-ready friend in Tanale. This celebrated medicine has ended indigestion and increased the weight for thousands of people everywhere. Mrs. O. D. Fisherty, 1905 Grace St., Lynchburg, Va., says:

"My son's health was fully restored by Tanale and he actually gained twenty pounds in weight. After every meal he suffered terribly from severe pain, palpitation and shortness of breath, and had awful headaches. He was terribly nervous, too. He is working now every day and is in as good health as he ever was."

Under nourishment is the cause of most cases of under weight. Tanale enables the stomach to extract the healthy nutriment from the food, builds up the whole body and increases the weight to normal. Millions of people have testified to its great benefits. Get a bottle today at any good druggist.—Advertisement.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often
Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the following statement: "One reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

European "Currency."
The continental traveler deposited an enormous bag inside the table in the restaurant car. The conductor promptly returned him. "Don't you know you can't bring your luggage in here. You'll have to put that bag in the van. 'Luggage.'—muttered the traveler. "That isn't luggage. That's my purse. I'm going to Austria."

Is Backache Crippling You?

Is that dull, nagging backache making it hard for you to get around? Are you lame, sore and tormented with sharp, rheumatic pains? It's time, then, you give some attention to your kidneys. A persistent backache is often Nature's first signal of kidney weakness. You may have headaches, dizziness and aching bladder irregularities, too. Kidney troubles, if treated early, are usually easily corrected. Begin now with Doan's Kidney Pills. Doan's have helped thousands and should help you. Ask your neighbor!

A Missouri Case
Perry P. W. Hopewell, Esq., Cape Girardeau, Mo., says: "An attack of kidney trouble gripped me in a week's time. I had aching back, dizziness and bladder irregularities, which were especially severe after I ate or drank anything. The kidneys were highly inflamed and painful in passing. A friend advised me to use Doan's Kidney Pills. After taking a few boxes I was cured. Get Doan's at Any Store, or a Box from Doan's Medicine Co., Buffalo, N. Y."

Had You Ever Noticed It?
That nature is full of simple facts of scientific importance yet awaiting notice by open eyes and minds is shown by the achievement of a Dutch schoolboy named Van Erpecum, who, during a lesson in physics, given in the high school at Batavia, called Dr. Van Deventer's attention to the fact that water in a glass filled to the brim with water and floating ice does not flow over as the ice melts. In fact, no change of level whatever occurs. Dr. Van Deventer communicated this observation to Professors Van der Walis and Zeeman, who thought it of sufficient importance to be placed before the Royal Academy of Amsterdam. It is proposed to call the phenomenon the "law of the permanent level."

His Tools.

FIFTY YEARS AGO
A young man who practiced medicine in Pennsylvania became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce, who finally made up his mind to place some of his medicines before the public, and moving to Buffalo, N. Y., put up what he called his "Favorite Prescription," and placed it with the druggists in every state. Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to womanhood. After suffering pain, feeling nervous, dizzy, weak and dragged down by week-weeks of her sex—a woman is quickly restored to health by its use. Thousands of women testify that Dr. Pierce's Favorite Prescription has entirely eradicated their distressing ailments.

More recently that wonderful discovery of Dr. Pierce's, called An-Gu (for kidneys and backache), has been successfully used by many thousands who write Dr. Pierce of the benefits received—that their backache, rheumatism, and other symptoms of uric acid deposits in joints or muscles have been completely conquered by its use. Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. of any of his remedies, or write for free medical advice.

TURK FORCES HALT WAR ACTIVITIES

WAR CLOUDS DISSIPATED AS THE
FORCES AGREE TO ARMISTICE
AND STOP OPERATIONS.

THRACE MAY GO TO TURKEY

Nationalist Authorities Request Allied
Commissioners to Send Delegates
to the Meeting at Mudania—
Removal of Greek Army.

Constantinople.—Orders for a cessation of military movements in the Thrace region of Asiatic Turkey and for the suspension of the activities of the Turkish irregular forces in Thrace have been issued by Mustafa Kemal Pasha, the Turkish Nationalist leader. The Turkish Nationalist authorities have agreed to an armistice conference in Mudania and have requested the allied high commissioners to appoint delegates. The Nationalists will be represented by Ismail Pasha and possibly by Hamid Bey.

Paris.—The text of Mustafa Kemal's reply to the allied joint note of September 23 was made public by the foreign office.

The reply is dated September 29 and promises "immediately to stop the military operations which have been developing toward Constantinople and Chanak in pursuit of the Greek armies."

It accepts the proposal for an armistice conference at Mudania with representatives of the entente and nominates General Ismail Pasha to act for the Turks.

Dealing with Thrace, the reply is worded with marked firmness. It credits the entente with sentiments of justice toward Turkey, but demands that Thrace shall not be left one day longer under the Greek army, saying that it is indispensable that Thrace shall be evacuated immediately and restored to the Angora government up to the west of the Maritza River, including Adrianople.

The note, which is signed by Yusuf Kemal, minister of foreign affairs, begins by saying that a formal reply to the entente's note will be sent in a few days by his government.

Confident in the assurances which M. Franklin Bouillon has given the commander in chief of the Turkish armies in accord with the representatives of the entente powers meeting in Paris, and persuaded that negotiations will at once be proceeded with to establish a just peace, the note continues, "an order has been given to stop immediately our military movements which have been unceasingly developing in the direction of Constantinople and Chanak in pursuit of the Greek armies."

INSANITY INCREASE BIG SINCE VOLSTEAD ACT

Average of 150 a Week in Chicago
Against 60 to 70, Says
Physician.

Chicago, Ill.—Insanity has increased in Chicago more than 100 per cent since the Volstead act went into effect, according to statistics made public by Dr. James Whitney Hall, chairman of the Medical Commission on Insanity for Cook County.

The number of persons who are going insane average 150 a week, as against 60 or 70 a week before prohibition, he said.

Every one of the county hospitals receiving mental cases is packed beyond capacity. The patients are sleeping on the floors or upon cots improvised in the emergency, which is the worst in the history of the state, he added.

The Medical Commission, which acts in an advisory capacity to County Judge Frank R. Bingham and supervises the care of the insane, places the blame for the increased cases of mental ailments exclusively to the use of prohibition beverages, the most common of which, says Dr. Hall, is hooch.

Dr. Hall's statement was based on written reports made by a staff of specialists in mental diseases. One of the specialists serving without pay is at the Cook County Psychopathic Hospital every day to investigate and examine each person sent there for observation. To date the number of cases thus examined numbers 73,801.
